

Board and Train Program

Bauser's Pet Training, Inc is proud to offer **Obedience Overnight Camp**. This is an exciting 2 to 4 week program that is designed for dogs that **do not** need any major behavioral modifications, but simply need education for their dogs and the owners on basic obedience commands. For the Obedience Camp Program we do not accept dogs that have aggression issues, separation anxiety or special instructions for success.

This is our most effective program especially for people who do not have a lot of time on their own. With this service, your dog stays with us. We make an initial assessment and develop a tailored training program for your dog. Your dog is trained in all types of practical situations, inside and outside. The dog is worked around people, other dogs, and in many different environments.

The success of the program is reliant on owner involvement once the dog is at home to continue the education. We believe that it's not training that changes dogs behavior, but the use of training commands through repetition when your dog offers behaviors deemed unacceptable.
